

Numonix Named 2020 Communications Solutions Product of the Year Award Winner for IXCloud

IXCloud Records, Stores and Analyzes Microsoft Teams Interactions Without Physical or Virtual Servers

BOCA RATON, Fla., Aug. 13, 2020 — Numonix, a developer of a versatile interaction recording solution for Unified Communication platforms, today announced it has been named a 2020 Communications Solutions Product of the Year Winner for its [IXCloud](#). The award is presented by [TMC](#), a global, integrated media company.

“We are excited to win a 2020 Communications Solutions Product of the Year Award for IXCloud,” said Avi Margolin, CEO and CTO of Numonix. “IXCloud for Microsoft Teams is simple to set up and use and empowers organizations of any size to take advantage of our fully managed, native Azure-based recording service for Microsoft Teams.”

One of the first fully managed compliance recording solutions for Microsoft Teams, IXCloud records, stores and analyzes interactions without physical or virtual servers. Uniquely activated as a fully managed service while utilizing the flexibility of Azure services, IXCloud enables instant and elastic scalability to support business growth and provides the necessary tools to maintain compliance and enhance business performance. The IXCloud OpenAPI also enables companies and third-party developers to benefit from IXCloud native capture technology, whether it be integrating with internal systems or building a third-party application.

“Congratulations to Numonix for being honored with a Communications Solutions Product of the Year Award,” said [Rich Tehrani](#), CEO, TMC. “Numonix’s IXCloud is a truly innovative product and is amongst the best communications products and services available today.”

About Numonix

Numonix offers the industry’s most versatile cloud and premise-based interaction recording solutions for Microsoft® Teams, Skype® for Business, SIPREC, and most unified communications and PBX systems, giving business users and service providers versatility in how they record, centrally store and access to their interactions. With full omnichannel recording of voice, video, chat, screen and screen sharing, Numonix empowers organizations to improve regulatory compliance, resolve disputes and enhance the customer experience by granting safeguarded access to their recordings and agent/customer data. Numonix RECITE® interaction recording solution gives users an on-premise solution with extensive customization options, while Numonix IXCloud delivers the ultimate cloud-based communication capture platform built on the runtime service fabric of Azure and requiring no physical or virtual servers. Numonix is based in Boca Raton, Fla. Visit www.NumonixRecording.com
